What is INFO-PASS?

INFO-PASS is a program of the St. Louis Regional Library Network that is open to any member who wishes to participate. (Currently about 100 members participate in the program). An INFO-PASS is a multi-copy form (like a one time library card) which will allow a patron of a member library to have access to materials from another participating library in the network by either using materials in the library or checking the materials out where permissible.

INFO-PASS forms will be issued to patrons by the library to which they belong (parent library) to be used at a designated library (host library) within the network on a one-time basis per INFO-PASS. For any additional use or renewal, another INFO-PASS is required.

An INFO-PASS will only be issued to patrons in good standing who have a special need for materials which the parent library cannot provide. If a patron loses materials the parent library must pay for these materials. Therefore the parent library should be notified when materials are overdue.

Each library which participates in the INFO-PASS program will designate a person(s) within its library who will determine whether or not a patron needs an INFO-PASS. This person(s) will also decide at which library the INFO-PASS will be used.

INFO-PASS forms sell in packages of 100 for \$25.00 or 18 for \$5.00. They are purchased from the Network Office, 9425 Big Bend, St. Louis, MO 63119. INFO-PASS booklets that list members who participate in the program and the requirements for use of each library are available to participating members from the Network office. These booklets should be consulted each time an INFO-PASS is issued. Questions about the program, call Bernyce, (314) 965-

Must identify "Member of St.
Louis Regional Library Network"

The Network Council has set the following goals for this year.

ST. LOUIS REGIONAL LIBRARY NETWORK

Mission Statement

The mission of the St. Louis Regional Library Network is to serve as an organization for promoting communication, sharing library resources, fostering continuing education, and establishing cooperative purchasing agreements. To fulfill its mission, the St. Louis Regional Library Network shall continuously identify the needs and resources of the library community served by the Network, develop and offer cooperative programs deemed appropriate by member libraries, and assess and evaluate those needs and programs.

Goals

1. Communication

The network will provide a mechanism for promoting communication within the library community.

2. Resource Access

The network will provide means of access for patrons of member libraries to the collections of other members in an equitable and timely manner.

3. Continuing Education

The network will provide its members with opportunities for participation in continuing education programs.

4. Document Delivery

The network will manage a document delivery system that is quick and cost-efficient in order that members may share the library resources in a secure and dependable manner.

5. Cooperative Purchasing

The network will negotiate cooperative purchasing agreements with vendors on behalf of member libraries.

6. Financial Support

The network will maintain a financial base which is sufficiently sound to carry out its mission, goals, and objectives.

7. Governance

The network will strive toward effective member representation and participation in its programs and decision-making process.

8. Collection Coordination

The network will serve as a forum and mechanism for library collection coordination.

9. Network Cooperation

The network will develop and maintain cooperative programs with other library networks.
