949 EXPLANATION: The line to create the item record should be a 949^1 line and should use the following subfields for the data:

\$a = subfield a of the call number
\$b = subfield b of the call number
\$z = marc tag of the call number
\$c = volume field
\$e = copy
\$h = agency field
\$i = barcode
\$l = location
\$p = price
\$m = message
\$x - internal note
\$q = Icode1
\$r = Icode 2
\$s = status
\$t = Itype
\$u = Imessage

So, using that information above and the information from your questionnaire, yours should look something like the following:

949 \1\$e1\$q0\$t019\$h090\$lwccii\$s-\$u-\$cOnline book: click on above link
